

## **Acknowledgements**

Many people worked collaboratively to envision a healthy future for the Elk Creek Conservation Area—through committee discussions, field work, mapping, data collection, and writing. This plan could not have taken shape without the knowledge, enthusiasm, and vision of local residents, Swan Ecosystem Center board members and staff, and Confederated Salish and Kootenai Tribes personnel who served on the Elk Creek Management Group. A hearty thank you to: Russ Abolt, Allen Branine, Anne Dahl, Steve Ellis, Les Evarts, Glen Gray, Rip Grubaugh, Pam Hamilton, Barry Hansen, Mo Hartmann, Steve Lamar, Neil Meyer, Bill Moore, Bud Moore, Vicki Moore, Shane Morigeau, Tom Parker, Betsy Spettigue, Rusty Sydnor, Mark Vander Meer, and Suzanne Vernon. We also appreciate the information provided by Plum Creek Timber Company.
